

Defect ID	Defect Description	Steps to Reproduce	Priority	Severity	Status	Created By	Assigned To	Screenshot
1	Search results do not follow correct sequence when sorted by Rating (highest to lowest) — review scores appear out of order	1. Launch Microsoft Edge browser. 2. Navigate to https://www.booking.com 3. Search for stays in a destination (e.g. New Delhi) with valid check-in/check-out dates and guests. 4. On the search results	High	Major	New	Vansh Awasthi	Raghavendra BN	
2	Search results do not follow correct sequence when sorted by Price (lowest first) — prices appear in random order	1. Launch Microsoft Edge browser. 2. Navigate to https://www.booking.com 3. Search for stays in a destination with valid check-in/check-out dates and guests.	High	Major	New	Vansh Awasthi	Raghavendra BN	
3	Clicking "List your property" logs the signed-in user out and forces them to sign up/sign in again instead of opening the partner portal	1. Launch Microsoft Edge browser. 2. Navigate to https://www.booking.com and sign in with valid credentials. 3. Confirm the user is signed in (homepage greets the user by name, e.g. https://www.booking.com .)	Critical	Critical	New	Vansh Awasthi	Raghavendra BN	
4	Clicking on the "Flight + Hotel" tab logs the signed-in user out of their dashboard/session	1. Launch a web browser. 2. Navigate to https://www.booking.com and sign in with valid credentials. 3. Confirm the user is signed in (profile icon/name visible in the top-right corner). 4. Click on the "Flight + Hotel" tab/section.	Critical	Critical	New	Vansh Awasthi	Raghavendra BN	
5	Flight search "Price" filter does not restrict results to the selected maximum — flights priced above the set maximum are still displayed	1. Launch a web browser. 2. Navigate to https://www.booking.com and click on the "Flights" tab. 3. Enter a departure city (e.g. Delhi), destination (e.g. India), and valid travel	High	Major	New	Vansh Awasthi	Raghavendra BN
